Life begins at
conception.

Your soul is your
life essence. Your soul
can become immortal.
After death, your soul
can return to life in
another body.

Reincarnation gives your
soul the opportunity
to evolve by learning the
lessons of love through
many different life
experiences and by
balancing
your karma-
paying your
debts
to anyone you've
wronged.

Abortion denies a soul the
opportunity
to be in the right place,
at the right time,
with the right people.

Abortion denies a soul its right to
evolve and fulfill its divine plan.
