

Life is Opportunity.

Life begins at conception.
Your *soul* is your *life essence*.
Your soul can become immortal.
After death, your soul can return
to life in another body.

Reincarnation gives your
soul the opportunity to evolve
by learning the lessons of love
through many different life
experiences and by balancing
your *karma*—paying your debts
to anyone you've wronged.

Abortion denies a soul
the *opportunity*
to be in the right place
at the right time
with the right people.

Abortion denies a *soul* its right
to evolve and fulfill its divine *plan*.
