

# Life is opportunity.

Life begins at conception.

Your soul is your life essence.

Your soul can become immortal.

After death, your soul can return

to life in another body.

Reincarnation gives your

soul the opportunity to evolve

by learning the lessons of love

through many different life

experiences and by balancing

your karma - paying your debts

to anyone you've wronged.

Abortion denies a soul

the opportunity

to be in the right place,

at the right time,

with the right people.

Abortion denies a soul its right

to evolve and fulfill its divine plan.
